#### About BookCross@SG

Bookcross@SG (BCSG) *is a movement to encourage book lovers to share good books with others.* This originates from United States' BookCrossing where one can register a book, and then *set it free to travel the world and find new readers.* You will be able to *track the book's journey, as it is passed on from one person to the next.*

#### What you can do at RP to participate in BookCross

Before we launch the full BookCross@SG movement in RP, we will need your "trash". Donate your unwanted books at the book bin placed outside RP Library's main entrance (near E1) and participate in BCSG.. So... give us your "trash" now!
